FOR SOCIAL RESPONSIBILITY**

CABINS

Each family, up to ten people, is assigned a single cabin. This cabin is equipped with beds and mattresses, air conditioning, ceiling fans, and bathrooms with toilets, sinks, and showers. Families should bring their own bedding and toiletries.

Throughout the camping program, families are welcome to be in their cabins at any time. They will be sanitized completely between each program. Staff will not enter your cabin during the camp session, unless requested.

Because of the time it takes to sanitize cabins, we ask that families be completely moved out of their cabins by check-out time.

Please do not enter cabins not assigned to your family at any time.

Please do your best to tidy cabins as you leave. Be sure to check bathrooms, showers, floors, plugs, and all bunks for any belongings. Because of the increased risk this summer, camp has very limited capacity for lost and found items. Camp is not responsible for any lost, stolen, or damaged items brought to camp. We recommend, when possible, not to bring valuable or irreplaceable items to camp.

Please report any damage, maintenance, or housekeeping concerns to staff right away.

MEALS

Family Camp has scheduled meals throughout the program, starting with dinner the first night and ending with breakfast the last morning. Please come to the Turner Dining Lodge during the scheduled meal times. Meal times will be a long, and families can arrive at any time.

Families will be assigned a specific table for the duration of the program. We ask that families stay at their assigned table. Please let camp know about any dietary restrictions so we can best prepare for you.

Meals will be served from a protected buffet. We ask that family members standing in line wear masks and maintain social distancing when possible. Individuals can direct Widjiwagan staff, who will wear gloves and a mask, which items they want, and then will be given a fixed plate. There will not be any shared utensils or surfaces. People who would like seconds on anything can rejoin the line and receive a new plate. Please do not bring used dishes to the buffet line.

Drinks stations will be staffed. Hot drinks like coffee, tea, and specialty coffee drinks are available for adults for self-service. If a staff member is not present, adults may serve themselves, however they must clean before and after use. These will be wiped down between each person's use. Like buffet lines, please use a new cup or mug at the drink stations.

Because of increased sanitation practices, the Turner Dining Lodge is closed during non-meal times, including overnight. If you have specific needs or questions, please contact camp or inform a staff member during the program.

going to the lake or pool, sanitize their hands after changing their clothes and wash their lifejacket in a disinfecting solution and hang dry after use. Campers coming from the beach activities will rinse themselves and their lifejackets off at the Splash Pad with chlorinated water.

ACTIVITIES

Family Camp will include many different camp activities at assigned times. Each family will have their own staff host who will help direct them to programming, answer questions, and be a general guide for the camp. Please only attend scheduled programs. We will have several programs running at once, and for the safety of everyone, we ask that all guests stay within their assigned program areas.

All program areas not supervised by camp staff are closed.

All programs have specific protocol for social distancing and sanitation, which include cleaning hands before and after each activity, wiping down equipment between each use, and maintaining social distance between different families and staff. Please follow the directions of program staff and your staff host.

Families may be asked to wear masks, gloves, or other Personal Protection Equipment (e.g., lifejackets during lake and boating activities, helmets while riding horses or bicycles, etc.) at certain program areas. Please respect the rules of camp.

Families can also sign-up for certain additional activities at certain times. Please check in with your staff host on that process. Please note that space is limited for some of these programs. We will do our best to accommodate as many families as possible.

At least one adult from each family should be present during programming. Camp staff are not responsible for the supervision of youth during family camp.

Please maintain social distancing in shared bathrooms. For the safety of everyone, we ask that families refrain from entering bathrooms while occupied by day camp programs.

Vehicles –

We ask that vehicles only be parked in assigned areas at camp (Turner Dining Lodge parking lot).

For the safety of our campers and other families, please refrain from driving through camp during program.

When driving in and out of camp for check-in and check-out, please drive cautiously and observe all signs and speed limits.

Camp is not responsible for damage to vehicles or items left in vehicles.

EMERGENCIES

Please inform staff of any situations that require assistance immediately. Families will also be provided with the camp emergency phone number at check-in for any situations that occur after hours.

Medical staff on site are only permitted to work with youth in our programs with signed medical forms and authorization to treat. Families are responsible for the medical care of their own family. Camp staff can provide limited basic first aid supplies, as requested. Any medical emergency is best treated at a full medical facility, and families are their own best resource in that coordination and decision-making.

If any member of a family is presenting any COVID-19 symptoms, we ask that families leave camp for the safety of everyone. Please stay home if any member of your family is sick or showing COVID-19 symptoms. We ask that anyone who attends camp be free of fever and any other COVID-19 symptoms for at least 14 days. Please contact camp with any questions about cancellation or rescheduling.

In the event of an emergency that requires evacuation, please head to the designated evacuation site given by a Camp Director.

OTHER

Please do not bring pets, weapons, alcohol, or any item not permitted by law to camp.

Camp does have cell phone signal throughout most of camp, but is limited in some areas and within certain buildings. Guest WiFi is available in certain areas. We ask that guests be responsible and respectful while using WiFi at camp. The Boathouse area in the Turner Dining Lodge will be open after hours with WiFi. Please maintain social distancing while using this area, and do not leave food, garbage, or unattended devices behind.
